

The Deadline Hostage

A parent with root access.

Sharma Ji Ka Bot

**At home, our South Asian
parents made sure we studied.
At university, nobody did.**

So we built this.

A little pressure. Everywhere.

**Emails
you**

31

**Hijacks
calendar**

**Holds your
worst
photos**

**Prepares
your post**

You control the final Share.

The deadline gets closer.

The pressure gets louder.

Calm

18 hours

Nudging

12 hours

Invasive

Mark done. It stands down.

One agent. Its own computer.

Cloud loop verified · browser restore pending

Why its own computer?

It lives for 18 hours.

It accumulates.

Its state is a savable object.

Endurance run active · restore proof pending

Demo.
